Central Nazirs being made to start in the 2nd class, unless transferred from an appointment of higher pay, regardless of the strength of the establishment they are placed in charge of.

2 Under the existing rules, the pay of the 1st class of central Nazirs is Rs 550 and that of the 2nd class Rs 100 - and ~~that~~ no central Nazir is placed in the 1st class, unless the establishment to be supervised consists of 70 persons and 20 Amins.

3 As all the central Nazirs, unless they are already drawing higher pay, are proposed to be started in the 2nd grade, no addition to the Budget need apparently be made immediately. The effect of the proposal will then be to increase the budget 2 years hence.

The only important changes proposed are (1) that a ~~the~~ 1st class Engineer hereafter consist of 70 hands including Lascars & peons instead of 90 hands made up of 70 peons and 20 Lascars, and (2) that the pay of the 1st & 2nd class Mazdoors shall in future be Rs 50 rising to Rs 60 and Rs 40 rising to Rs 50 instead of Rs 50 & 40 respectively. These proposals have been strongly advocated by the Chief Engineer & have for their object the much needed improvement in the morale and efficiency of the Naval Service. The addl cost involved is very small & may be sanctioned. CL.

Submitted to His Highness.

8 There are at present two classes of Central Nazirs in connection with the Central Nazarath system, their pay being ₹50 and ₹40 a month, respectively; and a Central Nazir is placed in the first class only when the process establishment he supervises consists of 70 peons and 20 Amins.

Paper under disposal

9 The Chief Court bring to notice that in the course of recent enquiries into the Nazarath Department, the Judges are satisfied that the work of the Central Nazir is extremely difficult and onerous, and that, as he has also the control of considerable sums of money, it is essential that he should be placed beyond temptation. They therefore recommend that the pay of the first and second class Nazirs be raised from ₹50 to 60 and ₹40 to 50, respectively, by increases of ₹5 after 2 and 3 years' service, and that a first class establishment may hereafter

be made to consist of 70 hands including Amins and peons, instead of 70 peons and 20 Amins as at present.

10 The working of the Nazarath Department has last year resulted in a saving of ₨27,883, and the Judges believe that the better and more efficient the officer, the greater would be the profit.

11 I would recommend that these proposals which are so strongly advocated by the Chief Court, may be sanctioned. The new scheme will be brought into force with effect from 1st July 1906, necessary provision to meet the additional cost involved being made in the next year's Budget.

Bangalore,

From,

V.A.Rajaratna Mudaliar Esquire,

Registrar of the Chief Court of Mysore.

To,

B.K.Venkatavaradiengar Esquire,

Secretary to the Government of Mysore,

General and Revenue Departments.

To Courts 111 inside 23-10-05

Sir,

I am directed to state that, in the course of recent long and careful inquiries into the Nazarat Department, the Judges are satisfied that the work of the Central Nazir is extremely difficult and onerous. It is not easy to control a large establishment of 60 or 70 hands whose work does not lie immediately near the supervising officer. It requires a great deal of tact, judgment and attention to details to regulate the issue of processes and insist on their proper service and return in time and to take strict notice of the conduct of the subordinates without undue severity, partiality or culpable leniency.

The Central Nazir has the control of considerable sums of money and must not only be efficient but placed by reason of his pay beyond the reach of temptation. The Nazarat is a department very profitable to Government, having last year yielded a profit, that is, a surplus of receipts over expenditure of Rs.27,882-15-3 being 45.32 per cent of the total expenditure. The Judges believe that the better and more efficient the officer, the greater will be the profit and that at the present salaries, it is not possible that honest and efficient officers can always be available.

I am directed, therefore, to recommend for sanction of Government the following revised scale of pay of the

Central

Central Nazirs:-

1st Class. ..... Rs.50 to 60 by increase of Rs.5 after 2 and 3 years' service.

2nd Class. ..... Rs.40 to 50 -Do- -Do-.

Note (1). An establishment of 70 hands including Amins and peons to rank as 1st Class.

Note (2). Unless transferred from an appointment of higher pay all Central Nazirs on first appointment are to start in the 2nd Class, whatever may be the strength of the establishment they are placed in charge of and rise in due course from the 2nd to the 1st grade.

I have the honor to be,

Sir,

Your most obedient servant,

Registrar.
